Details Activity

Celebration Details

I want to sincerely thank Elli for her fantastic contribution to Jacobs One dashboard development, specifically Travel and Plan Beyond dashboards. Elli is nothing but diligent, hard working and attentive to details. In preparation for November Support functions review, Elli went above and beyond getting the dashboard ready for review and making multiple last-minute formatting and data presentation changes as we were finalizing the format. Elli was patient, collaborative and ensured everything was ready in production for the meeting. Thank you, Elli, for being a fantastic Jacobs One team member!
